WELCOME TO THE FUTURE

EXPERIENCE ELECTRIFYING PERFORMANCE
WITH A NEW GENERATION OF EV ROADSTER

For a century, MG have created beautiful, accessible roadsters that ignite the soul, and the Cyberster carries that torch forward with all-electric power and futuristic design. Bold, daring, and unmistakably MG, this is the roadster reborn for a new generation of thrill-seekers.

A CAR SCULPTED FOR THE SPOTLIGHT

THE MG CYBERSTER IS THE PINNACLE OF BRITISH DESIGN. IT'S A BOLD FUSION OF CLASSIC MG HERITAGE AND CUTTING-EDGE ELECTRIC INNOVATION.

Designed in London, the MG Cyberster is a masterpiece of modern automotive design. While unmistakably futuristic, the Cyberster draws on MG's rich history, with nods to its classic roadster styling: a long bonnet, low nose, and sweeping curves. But make no mistake—this is a roadster reimagined for a new era.

UNMISTAKABLE STYLE AND PRESENCE

THE CYBERSTER ISN'T JUST ANY CAR;
IT'S A STATEMENT. EVERY CURVE, EVERY LINE
OF THE MG CYBERSTER REDEFINES CAR
DESIGN FOR THE ELECTRIC AGE.

With its long, sweeping bonnet and low, aggressive stance the Cyberster pays homage to MG's legacy, while bold new elements—like scissor doors and a Kammback rear—push the boundaries of what a modern roadster should be.

DESIGN THAT DEMANDS ATTENTION

BOLD, SLEEK, AND UNMISTAKABLY MG. THE CYBERSTER'S SCULPTED LINES AND DYNAMIC PROPORTIONS ARE DESIGNED TO TURN HEADS - MAKING AN IMPACT FROM EVERY ANGLE.

The MG Cyberster doesn't just move—it captivates. From the dramatic scissor doors, the confident front end, or the sweeping curves that flow effortlessly to the rear, the Cyberster radiates charisma. With its low-slung stance and aggressive detailing, this is a car that thrives on being seen.

INSTANT POWER

UNCOMPROMISING POWER AND PERFORMANCE,
THE CYBERSTER DEFINES WHAT IT MEANS TO
DRIVE AN ELECTRIC ROADSTER.

The MG Cyberster isn't just fast—it's breathtaking. With a thrilling burst of power, it launches you from 0 to 100 KM/H in just 3.2* seconds, delivering a rush that's pure adrenaline. The Cyberster's electric performance delivers instant torque and a smooth, responsive ride, letting you feel every twist and turn. It's performance designed to make every drive unforgettable.

PRECISION DRIVING, PERFECT BALANCE

WITH 50:50 WEIGHT DISTRIBUTION, ADVANCED SUSPENSION AND SPECIALLY DEVELOPED PIRELLI TYRES, THE MG CYBERSTER DELIVERS A DYNAMIC, BALANCED AND EXHILARATING DRIVING EXPERIENCE.

The MG Cyberster is built for driving enthusiasts. 50:50 weight distribution and a lower centre of gravity means this roadster is designed to hug every corner with confidence. The sophisticated suspension, co-developed by MG UK's Engineering Team, ensures a GT-level driving experience that's both engaging and smooth.
